

RUBBER COMPANY, INC.

MOSITES

Product Group	Silicone Rubber Compound
Manufacturer	Mosites Rubber Company
	2720 Tillar Street
	Fort Worth, Texas 76107
	USA
Customer Information	Tel (817) 335-3451, Fax (817) 870-1564
	www.mositesrubber.com
Emergency Telephone no.	(817) 335-3451
Office hours: 7:30am-5pm CST Monday-Thursday, 8am-3:30pm CST Friday	

Section 2	Hazards Identification	
Potential Health Effects Eyes	May cause eye irritation .	
Inhalation	May cause nose, throat and lung irritation.	
Repeated exposure	Vapors may have adverse effects on the reproductive system based on animal testing of a component of this material.	
Target Organs Carcinogenicity	Female reproductive system None of the components present in this material at concentrations equal to or greater than 0.1% are listed by IARC, NTP, or OSHA, as a carcinogen.

Composition/information on ingredients

SAFETY DATA SHEET

Material: Mosites #14127 Version 2.0

Revision Date: 3-14-23

Material: Mosites #14127

Version 2.0

Revision Date: 3-14-23

Туре	CAS No.	Substance	Content (wt%)
Item	63148-62-9	Polydimethylsiloxane	>95%
		with vinyl groups	

Section 4 Fi	rst-aid Measures
Inhalation	Remove to fresh air. Seek medical attention if irritation persists.
Skin Contact	Wipe away excess material then wash with soap and water. Seek medical attention if irritation persists.
Eye Contact	Flush eyes with plenty of water for at least 15 minutes. Seek medical attention if irritation persists.
Ingestion	If victim is conscious: drink water as a precaution. Consult a physician.
General Advice	When symptoms persist or in all cases of doubt seek medical advice.
Section 5 Fi	re-fighting Measures
Flammable properties	flash point >200 °C (>392 °F) Ignition Temperature >400 °C (>752 °F)
Fire and Explosion hazards	Burning may produce various hydrocarbon fragments, carbon dioxide, carbon monoxide, silicone dioxide, and formaldehyde.
Suitable extinguishing media	Carbon dioxide (CO2), foam, water, dry chemical
Firefighting Instructions	Wear self-contained breathing apparatus and protective suit. Evacuate personal to safe areas. Do not allow run-off from fire fighting to enter drains or water courses.

Version 2.0	Revision Date: 3-14-23		
Section 6 A	Accidental Release Measures		
Developmentions			
Personal precautions	Wear proper protective gear.		
Containment	Prevent material from entering drains or water		
Mathada far alaan un	COURSES.		
Methods for clean up	Sweep up to avoid a slipping hazard while observing all environmental regulations.		
	5		
Section 7 H	landling and Storage		
Handling	Protect from contamination. Provide appropriate		
	exhaust ventilation to prevent dust build-up.		
	Wash hands immediately after handling product.		
Characa	When using do not eat, drink, or smoke.		
Storage	Store in a clean, dry location away from heat or flames.		
	lidfiles.		
Section 8 E	xposure controls and personal protection		
Section 8 E Ventilation	Mechanical ventilation in confined areas is		
Ventilation	Mechanical ventilation in confined areas is recommended.		
Ventilation Personal Protective Equipment	Mechanical ventilation in confined areas is recommended.		
Ventilation Personal Protective Equipment Respiratory	Mechanical ventilation in confined areas is recommended. not normally required with ventilation		
Ventilation Personal Protective Equipment Respiratory Hand	Mechanical ventilation in confined areas is recommended. not normally required with ventilation as required by company policy		
Ventilation Personal Protective Equipment Respiratory	Mechanical ventilation in confined areas is recommended. not normally required with ventilation		
Ventilation Personal Protective Equipment Respiratory Hand Eye	Mechanical ventilation in confined areas is recommended. not normally required with ventilation as required by company policy as required by company policy		
Ventilation Personal Protective Equipment Respiratory Hand Eye Hygiene	Mechanical ventilation in confined areas is recommended. not normally required with ventilation as required by company policy as required by company policy		
Ventilation Personal Protective Equipment Respiratory Hand Eye Hygiene Section 9 P	Mechanical ventilation in confined areas is recommended. not normally required with ventilation as required by company policy as required by company policy wash with soap and water after contact		
Ventilation Personal Protective Equipment Respiratory Hand Eye Hygiene Section 9 P	Mechanical ventilation in confined areas is recommended. not normally required with ventilation as required by company policy as required by company policy wash with soap and water after contact		
Ventilation Personal Protective Equipment Respiratory Hand Eye Hygiene Section 9 P Form Color	Mechanical ventilation in confined areas is recommended. not normally required with ventilation as required by company policy as required by company policy wash with soap and water after contact hysical and Chemical properties sheets, or random shapes opaque		
Ventilation Personal Protective Equipment Respiratory Hand Eye Hygiene Section 9 P Form Color Specific Gravity	Mechanical ventilation in confined areas is recommended. not normally required with ventilation as required by company policy as required by company policy wash with soap and water after contact hysical and Chemical properties sheets, or random shapes opaque 1.30 g/cm ³

Material: Mosites #14127 Version 2.0

Revision Date: 3-14-23

Section 10	Stability and Reactivity	
Conditions to avoid	Processing temperatures > 200°C (>392°F). Avoid heating for prolonged periods above the upper processing limit.	
Incompatibility	Reacts with acids, bases, alcohols, water, oxidizing agents and catalyst to produce hydrogen gas.	
Hazardous decomposition	Releases flammable hydrogen gas as well as small amounts of benzene and formaldehyde.	
Hazardous reactions	During drying, cleaning and molding, small amounts of hazardous gases and/or particulate matter may be released that may irritate eyes, nose and throat.	

Toxicological information

Information

Section 11

Oral Dermal Skin irritation Eye irritation Repeated dose toxicity Carcinogenicity Mutagenicity	LD50 >2,000 mg/kg, rat LD50 >2,000 mg/kg, rat none none female reproductive at 700 ppm none in animals
0 ,	
Reproductive toxicity Teratogenicity	minor at 500ppm and 700ppm none in animals
3 ,	

Section 12

Ecological information

This substance is not expected to produce toxic effects.

Material: Mosites #14127 Version 2.0

Revision Date: 3-14-23

Section 13	Disposal considerations	
Waste Disposal	Dispose in accordance with all company and local regulations.	
Packaging disposal	Dispose of in accordance with all company and local regulations.	

Section 14	Transport information

This product is not regulated for transport by land, sea or air. This includes: US DOT, Canada TDG Surface, IMDG-Code, and ICAO-TI/IATA-DGR.
